

Round tables on
“Pragmatic ways for Atmanirbhar Bharat”
organized by
Innovative Thought Forum (ITF) and
Swadeshi Jagaran Manch (SJM) from
1/07/2020 to 19/09/2020

There is a consensus among all wise people that one size cannot fit all. Swadeshi Jagaran Manch and Innovative Thought Forum found that blind pursuit of globalization as dictated by WTO and the ilk was making us more vulnerable and dependent on outside forces. Clarion call of ‘Atmanirbhar Bharat’ and “Vocal for Local” by our Hon PM Shri Narendra Modi was indeed very timely. Translating vision into reality is the most arduous part. While talking of increasing awareness about the new vision, we should discuss practical, feasible or actionable ways for Atmanirbhar Bharat in small groups of domain experts and thinkers. Thus, started the series of round tables on the theme “Pragmatic Ways for Atmanirbhar Bharat” on vital subjects as under in which stalwarts from respective fields actively contributed to healthy discussions from July to Sept 2020.

The inputs from all were so rich and relevant that we thought of capturing them in form of compact articles that can be compiled in a book form for sharing with others. Thus was born the idea of an anthology on the subject. I am delighted that many of the experts spared their precious time to send us articles for this anthology that is now ready with nearly 75 articles on a variety of subjects. We are aware of the clear nexus of the Swadeshi concept with policies, actions, products and solutions that are good for Indians and India.
